BMM150 Shuttle Board

GENERAL DESCRIPTION
The Bosch Sensortec BMM150 shuttle-board is a PCB with a
BMM150 geomagnetic sensor mounted on it. It allows easy
access to the sensors pins via a simple socket. As all Bosch
Sensortec sensor shuttle boards have identical footprint, they
can be plugged into Bosch Sensortec's advanced development
tools (e.g. the Development Board or Application Board). Of
course, the BMM150 shuttle board can also be used for
customer's own implementations.

Note: Product photo may differ from real product's appearance.
